

What is GEAUXPASS and how does it work?

GeauxPass is a transponder (toll tag) that is electronically linked to a prepaid account. The GeauxPass and associated account allows you to use Louisiana toll roads like the LA 1 Expressway without having to stop to pay for the toll. Toll fees are deducted electronically from the prepaid GeauxPass account.

How much is a GEAUXPASS?

A non-removable GeauxPass toll tag cost \$1.59 each.

In addition to the toll tag fee, a toll pre-payment is required to open your GeauxPass account.

Your GeauxPass account is the fund that tolls are deducted from each time you use a GeauxPass toll system.

The minimum for this pre-payment is \$20 and may be made by cash, check, debit or credit card (MasterCard, Visa, Discover or Amex).
